

THE *risky* BUSINESS OF CHURCH

A RISK MANAGEMENT SEMINAR

Pastors and church leaders are called to ministry, but how do you know if you're covered or what's required when setting up and running an outreach or ministry program?

ACS Insurance Services is here to help by providing your church or ministry with valuable information to assist you in recognising, understanding and managing risk.

Introducing your presenters...

Rosie Kinday
National Manager

Ian Young
Risk Advisor

“ I attended the *Risky Business of Church* seminar on Monday, 20th July 2009 and I found the information very beneficial for my community. In fact, we will be following what was taught and implement it in our work for the community.

Rosie and Ian are excellent communicators. Both presenters are vibrant, personal and humorous. These personalities are an added-bonus to their presentations.

The content was very useful and easily understandable. The use of pictures captured my attention and using ‘real-life’ examples allowed me to relate to what was being conveyed more realistically.

Q & A was wonderfully and knowledgeably answered. 😊

”

Doreen Chew
Treasurer
Life* Expedition

ACS Insurance Services invites you to attend the nationally recognised seminar:

THE *risky* BUSINESS OF CHURCH

Every church has a calling. Implementing risk management allows you to fulfil that calling and protect your greatest asset, your people.

This seminar addresses frequently asked questions and we use practical exercises and real examples to help you get a better understanding of what risk management really is and how important it is for your church. We hope to see you there.

- As a church, are we doing the right thing?
- Are our volunteers protected?
- Who is responsible when something goes wrong?
- Are we covered for floods or fires?
- What do I need to know before running an event?
- How do I implement a risk management strategy for my church?
